

*Central Electricity Board (CEB)*

## **COMMUNIQUÉ**

### **CEB SCHEME FOR CORPORATE ENTITIES'** **ELECTRIC VEHICLES CHARGING CORRIGENDUM**

Further to the communiqué issued by the **Central Electricity Board (CEB)** on 31 March 2022 concerning the above-mentioned Scheme, the following amendment is brought to the attention of all potential applicants:

**Each corporate entity may install a solar photovoltaic (PV) system to generate the annual electricity requirement of its fleet of four-wheel electric vehicles.** This provision supersedes the previous one which provided for a solar PV capacity of up to 10 kWp DC for each electric vehicle in the corporate entity's fleet of four-wheel electric vehicles.

Under the above-mentioned Scheme, solar PV system of capacity above two (2.0) megawatts-peak (MWp) DC will not be considered. All other provisions shall remain unchanged.

Corporate entities interested in the Scheme are requested to take cognisance of all the relevant details before completing and submitting their application form. These are available at: **<https://ceb.mu/projects/ceb-scheme-for-corporate-entities-ev-charging>**

For more information, please contact the CEB Strategic and Business Planning Unit on 404 2000.
