

CEB Renewable Energy (RE) Scheme for Non-Governmental Organizations & Charitable Institutions

Information Pamphlet

Download [this Information Pamphlet and the Application Form](#)

Before filling the Application Form, please read carefully this Information Pamphlet.

Overview of the Scheme

Within the Framework of the Renewable Energy Roadmap 2030, the Central Electricity Board (CEB) is embarking on Phase 2 of the **CEB Renewable Energy (RE) Scheme for NGOs and Charitable Institutions** and is hereby inviting interested **NGOs and Charitable Institutions (CI)** to submit their application under same.

The Scheme is another action to contribute towards meeting the national target of 60% of Renewable Energy in the electricity production mix by 2030. The objective of the Scheme is to deploy at least 2 MW cumulated capacity of solar photovoltaic (PV) installations (kits) to benefit qualified NGOs and CIs.

Each qualified NGO or CI will benefit from the installation of a solar PV kit. The PV kit will be installed by CEB free of charge. The investment and operational & maintenance costs will also be borne by CEB.

Under this Scheme, for a period of 20 years, a qualified customer (NGO or CI) will receive for free every month 50% of the energy produced and exported by the solar PV kit.

The Terms and Conditions of the Scheme, as detailed below, will be applied to implement the Scheme.

Processing of the Application and Required Documents

All interested NGO or CI can either visit one of the CEB Customer Service Centre to submit their Application Form or submit it by email with all required documents at rbrescheme@ceb.intnet.mu.

At the CEB Customer Service Centre, if needed, the CEB Customer Service Agents will provide assistance to the NGO or CI for filling the Application Form.

When submitting the Application Form, the Authorized Representative of the Religious Body shall bring along the following documents: -

1. The original Registration Certificate and/or any relevant document confirming the registration of the NGO or CI;

CENTRAL ELECTRICITY BOARD

P.O. Box 134 – Rue Du Savoir, Cybercity, Ebene

2. A copy of the latest electricity bill of the premises of the NGO or CI where the solar PV kit will be installed;
3. A copy of the National Identity Card or Passport of the person representing the NGO or CI.
4. A copy of the delegation letter confirming that the Authorised Representative has been duly authorised to represent the NGO or CI, sign the Application Form and act on its behalf.

Note:

The delegation letter should be signed by an Executive Member of the Management Committee of the NGO or CI who holds the necessary legal authority to act on behalf of the NGO or CI. Please indicate the authority/position of the Executive Member in the NGO or CI.

5. A copy of the National Identity Card or Passport of the Executive Member if he/she is not the Authorised Representative;
6. A letter from the Account Holder expressing his/her 'No objection' for the NGO or CI and the Authorised Representative to manage the electricity contract account;
7. A copy of the National Identity Card or Passport of the CEB Account Holder if the electricity account is not on the name of the NGO or CI and

8. **(a)** A copy of the Title Deed of the premises where the solar kit will be installed; OR

(b) In the case of **rented** premises, the following documents are required: -

- A copy of the Title Deed of owner of the premises and a copy of the Rent Book;
- A letter, duly signed by the owner giving her/his 'No objection' for the installation of the solar PV kit on the premises; and
- A copy of the National Identity Card or Passport of the owner;

(c) If the property is under a **lease**, a copy of the Lease Agreement.

(d) If **family property**, a copy of Affidavit and consent of other relatives, as applicable.

(e) If **other**, documentary evidence(s) and consent of the other party or parties, as warranted.

Based on the documents submitted together with the Application Form, dully filled and signed, the CEB Customer Service Agent will perform the Administrative Assessment. A notification number will be given for each application made.

Terms and Conditions of the Scheme

- (1)** The Scheme will operate under the Net Billing method, whereby 50% of the monthly energy produced and thereof exported to the grid will be credited every month to the NGO or CI electricity contract account at a rate of Rs 4.20 per kWh. The credit will appear as a discount on the monthly electricity bill and that for a period of 20 years.
- (2)** For the purpose of (1) above, the NGO or CI must hold an active electricity contract account; where the electricity contract is not in the name of the NGO or CI, the written consent of the electricity account holder authorizing the CEB to manage the account, as deemed necessary, will be required.
- (3)** Subject to the Technical Assessment and required network survey, a solar PV installation of capacity not exceeding 10 kWp (5 x 2 kWp standard solar PV kit) will be installed on the premises of each qualified NGO or CI. In case of inappropriate or limited roof space, consideration may be given to alternative site(s) within the premises associated to the electricity contract account.
- (4)** The NGO or CI must be the owner or holder of a proper Lease Agreement for the premises where the PV solar kit will be installed. If the premises belong to a third party, the written consent of the latter expressing its no objection for CEB to install the solar PV installation will be required. In both cases, submission of a copy of the Title Deed of the premises/property is mandatory.
- (5)** The premises where solar photovoltaic kits will be installed must not be unoccupied.
- (6)** An area of at least 10 square meters per kWp must be provided on the roof of the premises.
- (7)** The roof space must be easily accessible and unshaded.
- (8)** The NGO or CI should provide free access to the roof and installation at all times.
- (9)** The electricity contract account holder, as applicable, must not be in dispute, indebted towards and/or having litigation with CEB.
- (10)** The selected customer or third party, as applicable, must agree to the Terms and Conditions of the Installation Agreement prior to the Technical Assessment of the premises.

CENTRAL ELECTRICITY BOARD

P.O. Box 134 – Rue Du Savoir, Cybercity, Ebene

Notes:

- The solar PV kit will be installed only after the NGO or CI has duly met all requirements of the Technical Assessment.
- Other Terms and Conditions may be added if deemed necessary.

For more information on the Terms and Conditions of the project, please contact a CEB Customer Service Centre.

Essential Information

- (1) The Application Form may be filled with the assistance of a CEB Customer Service Agent.
- (2) The duly filled and signed Application Form, accompanied with all requested documents, should be submitted in a CEB Customer Service Centre or sent by e-mail to rbrescheme@ceb.intnet.mu.
- (3) Application Form will be processed only after it has been duly filled and all requested documents have been submitted.
- (4) The information provided in the Application Form together with all requested documents will be used to perform the Administrative Assessment of the application for the Scheme.
- (5) Application Form not duly filled will be kept in abeyance and thereafter it will be put in the waiting list provided it is effectively rectified.
- (6) Application Form which could not be entertained will be kept in abeyance.
- (7) A notification/reference number will be given after the Application Form has been logged by the concerned CEB Customer Service Centre.
- (8) The premises of the administratively qualified NGO or CI will be subject to a technical assessment. Premises not satisfying the technical assessment will not be considered for the installation of the solar PV kit.

Benefits to the qualified NGO or CI

The benefits to the qualified NGO or CI participating in the Scheme are, as follows: -

- (1) Monthly reduction in the NGO or CI electricity bill payment.
- (2) A protection against increase in electricity tariff, if any.
- (3) Zero financial risk to the NGO or CI as the investment cost will be entirely made by the CEB.

CENTRAL ELECTRICITY BOARD

P.O. Box 134 – Rue Du Savoir, Cybercity, Ebene

- (4) No installation, operational and maintenance costs to the NGO or CI; CEB will take responsibility for the installation, operation and maintenance of the solar PV kit.
- (5) The NGO or CI will participate in the protection of the environment by producing and consuming renewable energy.

More Details about the Scheme

For more details on the Scheme: -

- Contact any CEB Customer Service Centre; the contact telephone numbers are provided at the back of electricity bills.
- Visit CEB Website at <https://ceb.mu/projects/energy-schemes>.
- Phone CEB Hotline on **8912**.
- Phone CEB SSDG Unit on **601 1100**.
